

ADB-2

Unique Features

BSS Shoulder Strap

"B" shaped shoulder strap.

Modi-Vers System compatible

This System allows you to create compartments that meet your requirements. The divider can be cut with scissors to any desired size. You can attach the newly cut divider to another divider or the walls of the bag with a special Velcro connector.

Dual-Purpose Buckle (Registered Design)

The shoulder strap attaches to the bag via this rugged yet lightweight buckle, which accepts either a quick-release hook or the strap itself. Either option ensures that the strap will cross the shoulder at the optimal ergonomic angle to provide comfort and stability.
