

HC3051 Series HPA Controller

- The HC3051 is one of a family of HPA controllers capable of interfacing with a wide variety of outdoor HPA units. Full control and monitoring of the HPAs can either be from the front panel or remotely by the RS232/485 port.
- Two HPAs controllers in one 1U chassis
- Simple operator interface
- Comprehensive LED display
- RS 485 Remote Control
