

MC-61

Unique Features

Insertrolley compatible

Allows you to use the trolley separately or with several cases by sliding the trolley through the sleeve. You can detach the trolley if you want to store it and replace it if damaged. 4 extendable wheels for better stabilization.

On Board

These bags meet the strict new airline regulations for carry-on luggage size. Due to constantly changing airline regulations, please check with your carrier prior to departure.

Modi-Vers System compatible

This System allows you to create compartments that meet your requirements. The divider can be cut with scissors to any desired size. You can attach the newly cut divider to another divider or the walls of the bag with a special Velcro connector.

Filter Sleeve

A designed connector/ compartment allows you to secure as many Kata Filter Sleeves as necessary in your case.

TST

Kata's TST (Thermo Shield Technology) provides the perfect level of protection against shock, vibration and impact. It continues in Kata's tradition of light weight and ergonomic shape.

Laptop Compartment

Designated laptop compartments feature in bags and backpacks intended for field work.
