

WS-604/ WS-606

Unique Features

Insertrolley compatible

Allows you to use the trolley separately or with several cases by sliding the trolley through the sleeve. You can detach the trolley if you want to store it and replace it if damaged. 4 extendable wheels for better stabilization.

BSS Shoulder Strap

"B" shaped shoulder strap.

Toblerone Shock Absorbers

Made from synthetic thermo-rubber, this uniquely designed feature absorbs shocks and protects the case from dirt, mud, standing water, and abrasion.

TST

Kata's TST (Thermo Shield Technology) provides the perfect level of protection against shock, vibration and impact. It continues in Kata's tradition of light weight and ergonomic shape.

On Board

These bags meet the strict new airline regulations for carry-on luggage size. Due to constantly changing airline regulations, please check with your carrier prior to departure.

Modi-Vers System

This System allows you to create compartments that meet your requirements. The divider can be cut with scissors to any desired size. You can attach the newly cut divider to another divider or the walls of the bag with a special Velcro connector.

Rain Cover

An emergency rain cover is included in many of Kata's products to protect your case and equipment in severe weather: black side out in rain or snow, and in sun reverse to silver for heat reflection.

Filter Sleeve compatible

A designed connector/ compartment allows you to secure as many Kata Sleeves as necessary in your case.

DPD Dual-Purpose Buckle

The Shoulder strap attaches to the bag via this rugged yet lightweight buckle, which accepts either a quick-release hook or the strap itself.

Either option ensures that the strap will cross the shoulder at the optimal ergonomic angle provide comfort and stability.
